                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |  |  |  |  |  |  |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |   |  |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |   |   |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |    |  |  |    |    |  |  |     |     |  |    |    |  |  |    |
